

Motor Insurance made easy by CoverGirl

Competitive quotes with CoverGirl style

At CoverGirl we understand how busy women of today are; we juggle careers, homes, families, passion for fashion and we still have to find time to sort out our year's motor insurance.

That's why we developed CoverGirl Insurance Services; not merely to offer you the most competitive car insurance for women possible, but also to fit seamlessly in with your busy lifestyle and to make the annual chore of sorting your car cover, less of a hassle.

Online car insurance is just a click away

The CoverGirl website is advanced and reliable; offering privacy, security and speed. It has a 128 bit Secure Socket Layer that ensures safe encryption of your personal details, so that you know your transaction is completely protected from hackers. We also guarantee never to pass your details on to third parties for marketing purposes unless you tick the box and ask us to.

Once you've answered a few questions about yourself, named drivers and your car, our search technology will quickly sort through quotes from over thirty insurers, in a matter of moments, to bring you a choice of the best deals. You can check what is included in each one, and then choose the motor insurance quote that suits your needs the best.

Cheap car insurance is only a phone call away

Our call centre is small, super-efficient and professional. Call 0800 954 97 56 and our friendly advisers will ask you for your details, search through the premiums offered and then offer you the cheapest quote they can find. It only takes a few minutes and if the quote doesn't give you everything you need, we'll look again for a different insurer.

Specialised motor insurance for you and your car

If you drive a **Ford, Vauxhall, BMW, Peugeot, Volkswagen** or a **Renault** we could have an extra special deal for you. We can supply dedicated car cover quotes for these makes and, no matter which model you drive, we will find cheap female car insurance for you.

The CoverGirl offer of stress free driving

All our car insurance quotes include top name breakdown cover to ensure you are never left stranded. The cover will run simultaneously with your insurance, so you just renew it, along with your motor insurance, at the end of the policy's term. This offers you the perfect package for stress free motoring.

CoverGirl car insurance and free goodies

FREE replacement car

If you have a car accident that was not your fault, make sure you get full details of the driver who is admitting liability. Once you have given us the details we will organise a free replacement vehicle for as long as your car is off the road.

A replacement car means that your busy life can carry on as normal; everything is dealt with over the phone and you don't have to miss a moment of anything that is important to you.

FREE vehicle repairs

Again, if you were not at fault in the accident and you have obtained all the details of the at-fault driver, we can arrange for an insurance-approved garage to collect, assess, and repair your car so that it returns to you as if it had never been damaged.

FREE legal expenses cover

If you suffer injury, pain or distress after a car accident, or if you have to take time off work, CoverGirl's free legal expenses cover, up to £50,000, can help you claim compensation from the at-fault driver's insurers. Our experienced panel of personal injury solicitors will claim compensation on your behalf and you can recover in the knowledge that your financial circumstances are taken care of.
